

Current guidelines for all visitors

Effective Monday, March 1, Mercy Circle is in Phase 1, which means all indoor visits are temporarily suspended for all residents.

Families and friends are encouraged to contact LifeEnrichment@MercyCircle.org so they can schedule visits in the vestibule and at certain windows. Mercy Circle's Life Enrichment team also can set-up virtual visits on Facetime and other platforms.

If there are no new cases of COVID-19, indoor visits will resume in approximately 14 days.

Please continue to follow all best practices regarding protecting yourself and others from the virus.

Effective March 1, 2021
